

## Special Message From Your Board

August 27, 2021

Aloha Everyone,

I am sure you are all aware that a variant of COVID-19 is surging throughout the mainland. The Delta variant is far more contagious and is surging rapidly throughout the islands as well. In a briefing this past Monday, Governor Ige today called upon Hawai'i residents and visitors to delay non-essential travel through the end of October 2021 due to the recent, accelerated surge in COVID-19 cases that he said is now burdening the state's health care facilities and resources

With this in mind, it is the decision of your Board not to have any formal gatherings during the meeting week in October. This is unfortunate but necessary as we all need to do our part to help knock down this virus.

There are currently no formalized travel restrictions; however, to avoid quarantine; you must either have a negative pre-departure test **OR** documentation (COVID card), showing you have completed your vaccination series and that the last vaccination is at least fourteen days old.

Visit [www.hawaiicovid19.com](http://www.hawaiicovid19.com) for more guidance.

Take care, everyone, and continue to take precautions. Let's hope we can return to having our meetings and enjoy each other's company in January.

Mahalo,

Rick
